Hints

Getting THAT shot

Before setting out

- Think about what you are likely to be photographing
- Check your equipment
 - The right lens (if you have more than one) - is it clean?
 - Full battery and enough space on your memory card
 - Protection for the camera and lens if poor conditions
- Have you left on some camera settings accidentally?
 - ISO
 - +/- exposure settings
 - Manual focus
 - Manual exposure
 - Custom white balance

Before taking the shot

Landscape

- Choose your position / composition
 - Point of interest (eg on thirds)
 - Leading diagonals
 - Colours and contrasts
 - No intruding items
- Point of focus and depth of field needed
- Exposure triangle - ISO, aperture, shutter speed

Street / sport

- Shutter speed usually important - freeze action? or pan?
- ISO and aperture
- Test exposure
- Focus - auto or manual?

Homework #25

Reflections

Not on Facebook?
Use the Upload option on the LMPC website,
in the members only menu.

Or you can use lmpc-files@googlegroups.com email address

Post one image onto the Facebook group
& tag it with #LMPC025

All entries by 5pm Sunday 26th March

Club meeting #25 - 14th March 2023

What to expect...

- Members show and tell
- Post processing
